DESIGNED
+ PRINTED IN
THE USA

As a full-time artist I produced handmade functional ceramics distinctive for its original, hand painted imagery.

The Natural World Textile Collection features colorful and painterly renditions of animals and plants on home textiles.

Timeless not trendy and printed in the USA – use them everyday and enjoy!

BLAME IT ON THE ANESTHESIA A close friend was in the recovery room after surgery when something made her think of me. Still woozy from the anesthesia, she wrote a brief letter in wobbly script, so unlike her usual precision: “You should have your designs printed on other things!!” with a list of 10+ items, from the sublime to the ridiculous.

I found her note quizzical, flattering, and impractical and put it away.

Clay had been my life for well over 30 years. Clay defined me. I was a one-trick pony. The note resurfaced several years ago and this time the idea seemed worth considering. I am so glad I did.

Clay Born Textiles features my colorful imagery that was the hallmark of Clay Born Pottery. Imprinted with a variety of animals and plants, like I hand painted on ceramics, the Natural World collection offers tea towels, table runners, napkins, throw pillows, note cards, oven mitts, and placemats...along with mugs and ornaments.
